## SUMMARY

A Dynamic and Dedicated Level 3 BTEC graduate with a strong passion for problem solving and delivering effective IT solutions. A 2025 WorldSkills UK Web Development Finalist, I excel in translating design concepts into responsive, high-quality applications. Committed to continuous learning and delivering innovative solutions

## EDUCATION

<b>Bedford College</b> <i>Level 3 BTEC in Advanced Computing</i>	<b>Sept 2023 – June 2025</b> <i>Bedford UK</i>
---	---

- **DDM (Distinction)**

<b>Bedford College</b> <i>GCSE Maths and English</i>	<b>Sept 2023 – June 2025</b> <i>Bedford UK</i>
---	---

- **GCSE Maths – 6**
- **GCSE English – 4**

<b>Sacred Heart College</b> <i>International GCSE</i>	<b>Sept 2016 – June 2021</b> <i>Lagos, Nigeria</i>
--	---

- International GCSE with 4A's, 3B's and 2C's

## PROFESSIONAL EXPERIENCE

<b>Full Stack Developer</b> <i>Shop Station (<a href="https://shopstation.ng">https://shopstation.ng</a>)</i>	<b>Jan. 2025 – March 2025</b> <i>Remote</i>
--	--

- I developed and maintained an e-commerce platform for Shop Station, a face and body care company that sells curated range of products.
- I ensured responsiveness and smooth user experience ensuring seamless navigation and intuitive user experience.

<b>Full Stack Developer (Frontend Focused)</b> <i>Learn Easy (<a href="https://www.learnwithease.org">https://www.learnwithease.org</a>)</i>	<b>March. 2025 – June 2025</b> <i>Remote</i>
---	---

- I worked closely with a backend developer to develop a full-stack educational website using NextJs, enabling secure user registration, course selection, secure payment and seamless integration and functionality.
- In terms of the performance, I reduced page load times by optimising images and leveraging lazy loading techniques, resulting in a 30% increase in sales.

## WORK EXPERIENCE

<b>Sortation Operative</b> <i>Amazon STN8</i>	<b>May 2023 – Nov 2024</b> <i>Bedford, UK</i>
--	--

- I accurately scanned customer packages with the use of handheld scanners and sorted the packages to their correct destination.
- I consistently complied with safety protocols at Amazon STN8 to prevent incidents and promote a secure workplace.
- I collaborated with team members to maintain efficient operations during busy shifts and improve workflow.

<b>Volunteer Computer Technician</b> <i>Bedford College</i>	<b>May 2024 – Aug 2024</b> <i>Bedford, UK</i>
--	--

In my role as a volunteer computer technician working with the IT team in Bedford College, I did the following.

- I reset and updated old devices for the new session

- Printing, Scanning and Photocopying documents.
- Inventory management – organising hardware and tools into their assigned locations.

### **Sales Assistant**

*Samis African Foods*

**Jan 2023 – May 2023**

*Northampton, UK*

- I scanned customers items using a barcode scanner to process the sales transactions efficiently.
- I provided an excellent customer service by greeting customers warmly as they approached the checkout.
- For customers that had inquiries related to pricing and discounts, I helped ensuring the needs of the customers are met
